Happenings in the State

Direct Action

The following story appears in the
Evening Post relative to Senator
Crane's short and direct way of doing
things. It says of him:

He has the keenest sense of humor
bubbles over with good nature, likes
a joke and plays many a sly one,
knows shams and punctures them on
occasion and works on the theory
that the way to know men—even Sen-
ators—is to get acquainted with them.
His colleague, Henry Cabot Lodge, has
been a Senator for thirteen years.
Senator Nixon, of Nevada, came into
the Senate at the same time Crane
did. A few weeks ago Lodge, was
mourning to Crane because he could
not find out how Nixon stood on the
question of reporting out of committee
the Philippine Tariff bill. Lodge is
chairman of the Philippine committee.

"He has only been here a year,"
said Lodge, "and although he is on
my committee, I do not know him well
enough to ask him such a question."
We all have been trying to find out.

"Why?" said Crane, "I'll find out."
"How?" asked Lodge, astonished at
the newcomer.

"I'll ask him," said Crane. I know
him very well."

The task the experienced Lodge has
been worrying about for two weeks
occupied Crane for about two minutes.
"Nixon," he said, "how are you going
to vote on reporting out the Philippine
Tariff bill?"

It was the most natural question in
the world, both to Nixon and from
Crane. Nixon told without hesitating
and Lodge was amazed that a new
Senator could do a thing like that.

Died at Tonopah

George E. Money died at the home
of his brother-in-law, W. J. Douglass,
in Tonopah on Sunday night after a
brief illness. He was stricken with
pneumonia Saturday of last week with
atelegram that night notified his
wife and family who came to Carson
last month to spend the Summer, of
his illness. Mrs. Money departed for
her husband's bedside the following
morning and everything possible was
done for him. But, the best of care,
youth and robust constitution could
not stay the dread disease.

S. F. Exchange Opens

Harry Epstein, one of Tonopah's
most prominent stockholders, returned
from San Francisco last night. He
says the San Francisco stock and Ex-
change Board has opened for busi-
ness on Bush street above Montgom-
ery. He says the brokers of San
Francisco have great faith in the fu-
ture of Nevada mining stocks and pre-
dicts that the board will be doing a
big business from the jump.—Bon-
anza.

Pound to Open

The City Marshal has received or-
ders from the City Trustees to em-
pound all loose stock found on the
streets of this city. From this date
the Marshal will follow the law to the
letter and all stock found upon the
streets will be impounded and re-
main there until the owners pay the
damages.

WM. KINNEY,
City Marshal

Thought Him Crazy

C. W. Higgins, a Tonopah mining
man, tells how he came near being
roped and tied in the Bullion district
when he carried the news there of
San Francisco's disaster. Out in the
desert he met two prospectors whom
he stopped to tell of the calamity. As
he recounted how the city had been
wrecked by an earthquake and then
burned to ashes from the bay far into
the residence section, one of the men
moved toward a rope. Higgins first
thought the prospector was joking,
but when edged close to him with the
rope he ran to his outfit and produced
newspapers verifying his story. The
two prospectors then told him they
had thought him crazy and were pre-
paring to take him bound to one of
the mining camps, where there was
a hospital.

Golden's Lease

On the Golden lease on the Jump-
ing Jack the lessees are sinking two
shafts and are extracting some very
rich ore from both. From pinnings
and assays were taken, the ore
will run from \$25 to \$90 a ton without
variation. In the drift on the Golden
lease, on the 80-foot level, 80 feet
to the north, they have encountered a
cross ledge that shows gold in the
pan.—Mail.

Another Excitement

Considerable excitement has result-
ed from the discovery of argentine
on the property of Messrs Considine
and Nye two miles west of Mount
Davidson.

Some of the assays are said to run
\$1200 to the ton. This property has
been visited by a number of pros-
pectors within the past day or two
and claims have been taken in all di-
rections. The new district is only
three miles from Jumbo.

Ohio-Tonopah

The new 10-stamp mill at the Over-
land mine near Silver City is in op-
eration and the crushing capacity will
soon be doubled, as there are large
reserves of ore blocked out in the
mine sufficient to keep 50 stamps
dropping on the ore indefinitely. The
mill and hoist plant are operated by
electric power transmitted from Flor-
iston.

Rewards Offered

The undersigned will pay a reward
of twenty dollars for the arrest and
conviction of anyone who unlawfully
kills any song bird or other bird pro-
tected by the law.

The delivery of electric power for
operating the pumping plant at
Washoe lake for irrigating the Doug-
lass ranch, has been delayed on ac-
count of a lack of poles for stringing
the power wires. The poles are due
today and Mr. Douglass expects to
have the pumping plant in commis-
sion next week.
